How the trip runs

Four nights on the ground gives you three full riding days — the arrival evening is for settling in and a gear fitting, not for losing a day to logistics.

ARRIVAL	**Transfer & gear fitting**	Picked up at Srinagar airport and driven to Gulmarg. Check in, then a boot and equipment fitting so day one starts on snow, not in the shop.
SKI DAY 1	**Fundamentals**	Meet your instructor on the lower Puma drag lifts. Stance, sliding, stopping and controlled turns at your own pace.
SKI DAY 2	**Linking turns**	Longer runs and steeper pitch as your control improves, moving onto the Phase 1 Gondola terrain when you're ready for it.
SKI DAY 3	**Riding the mountain**	A full day putting it together — top-to-bottom descents on the terrain your instructor judges you're ready for.
DEPARTURE	**Drop to airport**	Breakfast, then your transfer back to Srinagar airport in time for your flight.

Hotel & occupancy options
